RALLIED AT THE CLOSE

STOCKS SHOW SOME INDICATION OF

RETURNING STRENGTH.

Sterling Exchange Rates Stiffen and Silver is Advancing-Local Mar-

kets at a Standstill.

At New York yesterday money on call was easy at 21/63 per cent.; last loan, 3:

closed, 21/2/03 per cent. Prime mercantile paper, 495% per cent. Sterling exchange was frm, with actual commercial bills, \$4.81.

Bar silver, 65%c; silver certificates, 65%@ 651/2c; Mexican dollars, 50%c. At London tile, Fr., 12@16c; soda, bicarb., 41/2@6c; salts, Epbar silver closed at 30d.

Total sales of stocks to-day were 169,446 shares, including the following: Atchison, 3,500; American Sugar, 22,600; Burlington, 19,100; Chicago Gas, 3,800; Kansas & Texas, 3,200; Louisville & Nashville, 6,700; Manhattan consolidated, 9,300; Rio Grande, 4,800; Rock Island, 9,000; St. Paul, 27,600; Western Union, 3,300; Wheeling & Lake Erie, 3,500.

The speculative movement was almost identical yesterday with the operations in stocks for several days past. Decided irregularity with the downward trend was noted, but, as usual recently, the net changes at the close were inconsiderable. In the early trading strength was apparent on a fair amount of commission house orders, and there was a disposition to ignore moderate foreign selling and a hardening tendency in sterling exchange. The last elopment counted more in the late dealngs, however, and partly inspired a reaction in prices. The short interest appeared inclined to cover, and this course facilitated the advance, contributing towards sharp fractional gains in the grangers, Southwesterns and Sugar. Realization and short sales started a reaction all around, on the publication of the Northwest statement for October, showing a decrease in gross earnings of \$464,885. The bear leaders paid particular attention to the specialties, and aflected liquidation in some instances. The market became less active on the down grade, but prices gradually sagged to points fractionally below Saturday's closing. The strength of the exchange market was set down to covering of bills put out 7c; Swift River, 51/2c. vanced 1/2c successively by one drawer, and actual figures also moved up sharply. An easier discount rate in London later in the day caused a recession in exchange from

the top level. Declines in some of the specialties were material, notably in Manhattan and Leather preferred, which sold off 1½ per cent. The break in the last mentioned stock was attributed to an alleged less favorable prospect regarding dividend action by the directors at to-morrow's meeting. Estimates as to the amount of the dividend now run as low as 1 per cent... the figure mentioned several days ago in these dispatches. Sugar fell sharply on a report that Williamsburg refinery would suspend operations, but rallied on a denial from official sources and rose to the best price of the day on supporting orders. To-ward the close the market rallied all around, and left off steady at the improvements. The net changes were trivial. Railway bonds were quiet and fraction-ally lower. The dealings were largely re-

stricted to the speculative issues, and lacked important feature, aside from a sharp rise in the Oregon Improvement issues. The sales were \$1,423,000. Government bonds were strong and slightly higher, on investment orders. The saies were \$40,500.

Wants to Vote for Postmaster. To the Editor of the Indianapolis Journal: In the Journal of to-day is a dispatch from Anderson which says that Representative Charles L. Henry is opposed to local elections for the purpose of choosing candidates for postmaster. If that dispatch indicates Mr. Henry's real sentiments he is certainly in a poor way to win the good will of the people. I do not know how it is elsewhere, but I know that the people of this vicinity are in favor of selecting their own candidates for the important office of postmaster. Why should Mr. Henry allowed to select our postmaster? Haven't the people who elected Mr. Henry got sense enough to judge for themselves when it comes to a local question like this? Who favors having the Congressmen make a choice for this office? Only the man who has a "pull" with some politician. We do not want a man for postmaster who has a "pull." It is certainly the right of the postoffice patron to say who shall conduct that office. As rauch as people respect Mr. Henry it is but natural they should ob-

Darkness Down East. Philadelphia Telegraph. The Methodist general missionary fund of \$1,000,000 has been about evenly divided for work in home and foreign lands. The whole amount, and as much more, could readily and wisely be expended east of the Allegheny mountains, and there would still remain a vast field of darkness and vice scarcely touched.

WHEAT CLOSED HIGHER

AFTER WEAK OPENING THE MAR-KET FIRMED UP, GAINING 7-8C.

Strength Extended to the Coarser Grain, Corn and Oats Both Advancing-Pork Up 15c.

CHICAGO, Nov. 23 .- Conflicting foreign news kept the wheat market moving nervously up and down to-day, but in the end the May option closed %c higher. Corn and oats both showed firmness, advancing 14c each. Provisions were strong, and steady. closed at 56715c higher.

There was a decided weakness around the opening of the wheat market to-day, although it did not last long. The May option," which closed Saturday at 79%c, opened being around the lower figure. The weakness was attributable to several causes, the mest influential one being, perhaps, the large Black sea shipments. They amounted to 5,856,000 bu last week. This was an increase of nearly 1,000,000 over the previous week. That, added to the 3,397,000 bu from this side and the 80,000 bu from Argentine, made the grand total of 9,873,000 bu. Openpointed to a decrease in the visible supply of 1,000,000 bu, where there had been an increase of about 1,900,000 bu the same week last year, the market gradually hardened. Some of the early sellers got frightened, and covered, and those who had liquidated their long lines were disposed to get them back. A gradual advance to 804c ensued. This was the top price for a time. The figures on the English visible supply were surprising to the speculators. They showed an increase of 1,700,000 bu, and there was a scramble for a while, the price declining to

The market turned stronger in the last 80%c, the high point of the day. The sell- at 271/2@28c. ing on the advance, however, was sufficient to break the price again to 80 %c, where it

Corn started firm at a shade better than Saturday's closing prices, influenced, probably, by the moist atmosphere, although the fluctuations of wheat also had their effect. The trade was spasmodically active and dull by turns. Business was largely on local account. May opened a shade higher at 27c, ranged from 26%c to 27%c, closing steady at 27 @27%c. Business in oats was not large, yet the market was a fairly active one, the tone of which was firmer in sympathy with

wheat and corn. Prices at the close were

4c and 40%c better. May opened %c higher at 21%, ranged between 21%c and 22%c, closing steady at 22c. Business in provisions was fairly good at improving prices. The much smaller run of hogs than anticipated was the incentive for a strong and higher opening. Packers were free sellers at the advance, and a decline ensued, but prices rallied again later. May pork closed 15c higher at \$8.05; May lard, about 12½c higher at \$4.27½@4.30; May ribs, 5c higher at \$4.02½@4.05. Estimated receipts for Tuesday—Wheat,

is some talk of the Kansas Legislature making the Mexican silver dollar a legal tender in that State. I also notice that in your editorial you quote the Constituion as saying that "Congress shall have the power to regulate the value of foreign statement in the Constitution, would undoubtedly, if Kansas should attempt such Legislature.

That would do very well, but it is not necessary. I find, by inspecting J. G.
